

RIMAGE PRINTER TECHNOLOGY

Superior Print Technology, Superior Results

From the industry's fastest and most economical thermal retransfer print quality to the most durable, high-resolution printed surface, Rimage AutoPrinter, Everest® Encore™ and Prism III™ disc printing systems meet the daily demands of continuous, high-capacity digital publishing.

AutoEverest™ Encore and AutoPrism™ III AutoPrinters

Automated direct-to-disc printing on these printers allow you to simply load your discs and walk away.

Features

- Robust robotics for automatic disc printing
- Small footprint for desktop use
- Choose between Everest Encore color and Prism III monochrome printers
- Three 100-disc input bins enable efficient production of jobs from 1 to 300 discs without user intervention
- No additional set-up, clean-up time, cost or specialized operators required

AutoPrism III

Everest Encore Standalone Printer

Thermal retransfer print technology delivers durable CD/DVD/ Blu-ray Disc™ labeling, with the highest print resolution in the industry.

Features

- Permanent printing ensures discs are scratch proof, waterproof, fade resistant and UV protected
- 600 dpi resolution delivers photo quality images
- Edge-to-edge printing fully utilizes the media surface
- Intelligent system keeps track of the remaining print ribbons and communicates the information throughout the printing process
- Removable retransfer and print ribbon cartridges for convenience

Everest Encore
Standalone Printer

Prism III Standalone Printer

A high-speed printer for monochrome printing on CD/DVD/Blu-ray Discs.

Features

- Print an entire disc in four seconds for less than four cents per disc
- PerfectPrint technology provides registered printing on original, silk-screened media
- Ribbon Saver reduces ribbon waste by only using the amount needed, lowering costs and maximizing throughput
- Print head integrity check automatically tests the print head elements, ensuring high quality images
- Cleaning mode allows you to clean the print head surface quickly and easily

Prism III Standalone Printer
